Preface	9
About the Author — Ir. Cornelis van Elst	11
Executive Summary	13
Who This Book Is For	17
Overview of the Book	19

## **PART I**

### **HOW CERTIFICATION BECAME THE CEILING**

1. Chasing the Highest Certificate Keeps Companies in Phase 1	27
2. Certification Keeps Companies Stuck in Phase 1 (Because the System Does)	31
3. The Big TIC Phase-1 Trap	35
4. Why Passing Audits Does Not Mean an Organization Is in Control	38
5. Phase 1 Is Necessary — Remaining There Is the Risk	41

## **PART II**

### **FOOD SAFETY AS A LEARNING SYSTEM**

6. Food Safety as a Knowledge-Intensive Function	47
7. Food Safety as a Learning Organization	50
8. Managing the Five Food Safety Knowledge Domains	53
9. Why Knowledge — Not Documentation — Determines Maturity	56
10. From Individual Expertise to Organizational Intelligence	58
11. The Question Every Leadership Team Should Ask	60

### **PART III**

#### **BEYOND PDCA: SENSE & RESPOND**

12. PDCA Was Designed for a Slower World	65
13. From PDCA to Sense & Respond	68
14. Why PDCA Costs Become Distorted in the Big TIC Model	71
15. Real-Time Assurance Restores Balance	74

### **PART IV**

#### **THE COLLAPSE OF DEPENDENCY MODELS**

16. Why the Traditional Consultant Model in Food Safety Is Breaking Down	79
17. Stop Paying €1,300 a Day for Dependency	82
18. Good Auditors in a System That Constrains Learning	85
19. The New Audit Reality That Remains Largely Unspoken	88
20. Real-Time Assurance Is Not Anti-Audit	91

### **PART V**

#### **INFRASTRUCTURE, SOVEREIGNTY, AND G2B MODELS**

21. From Paper Compliance to Live Assurance	97
22. Real-Time Food Safety Assurance Is No Longer a Vision	101
23. Who Owns the Knowledge Domains Owns the Infrastructure	104
24. Sovereign Real-Time Food Safety Is Ready for G2B Programs	107
25. From €60k to €4k — Why G2B Changes Everything	110
26. Why Emerging Economies Should Skip the Audit Era	113

### **PART VI**

#### **AI AND SYSTEM INTELLIGENCE**

27. AI Will Not Fix Food Safety Without a Knowledge Backbone	119
28. How AI Supervision Becomes Possible	122

**PART VII**  
**POWER, ECONOMICS, AND THE WAY FORWARD**

29. Why Private Equity Is Attracted to Phase-1 Models	127
30. Why Food Safety Needs Infrastructure — Not Roll-Ups	130
31. We Do Not Need More Certificates — We Need System Intelligence	133
Closing Note — An Epilogue	137
Appendix 1	139
Appendix 2	143
Appendix 3	145
Appendix 4	150
Appendix 5	158
Appendix 6	162
Appendix 7	166
Appendix 8	170
